## Skyline Announces Investment in iMDsoft

Skyline Global Partners LLC is pleased to announce the close of an investment in iMDsoft on June 11, 2012. Financial terms of the transaction were not disclosed.

iMDsoft is a worldwide leader in high acuity clinical information systems. The Company's products are designed to enhance quality of care for critically ill patients and improve financial performance for healthcare providers. Hospitals, healthcare systems, and major medical centers across North America, Europe, Asia and Australia are using iMDsoft's innovative technology to promote patient safety, contain costs, support research and compliance, and achieve sustainable market leadership. The award-winning, patented MetaVision Suite was first implemented in 1999. The system uses a single platform to automate workflows in a variety of high-acuity environments, including intensive care, pre-op, operating room, post-op, step-down units, and general in-patient beds.

Skyline partnered with TPG Growth, the middle market and growth equity investment platform of global investment firm TPG, to provide liquidity for shareholders and growth capital for the business.
